

## INTRODUCTION

Please have every one take their seats and turn their cell phones off so we can start the show. (Please do not introduce me until every one is situated in their seats.)

Our entertainer for (today, tonight) is a guy that works all over the country, he is a regular in Las Vegas and has appeared with Bill Cosby, Jay Leno and Tim Allen just to name a few. He has appeared on national TV or it's possible you have seen him in the movies...as he goes there quite often.

Please put your hand together and help me welcome comedy magician and hypnotist Chuck King.
